

## **Strategic & Legacy Management Committee**

**Gerald Wadley, Chair**

This Committee is involved in strategic issues relevant to the future of the SRS. This includes long-term policy, planning and other “cross-cutting” issues related to other CAB committees. Specific areas of interest are development and deployment of technology, the SRS budget decision-making process, future land use, legacy management/long-term stewardship, historic preservation and relevant national environmental policy. The Committee encourages other CAB committees to integrate long-term stewardship into issue deliberations and CAB recommendations. Topics under consideration for the Strategic and Legacy Management (S&LM) Committee in 2010 include:
